

Career Planning

It is imperative that students who are considering going on to Year 11 make their subject choices wisely.

Be guided by the following rules:

ABILITY	Choose subjects and levels that suit your ability
INTEREST	Choose subjects and levels that look interesting
MOTIVATION	Choose subjects you really want to learn more about
FUTURE	Choose the pathway and subjects which will best assist you in your future career plans and the requirements for further education and training

In choosing your subjects, it is recommended you talk to some or all of the following people who can help you decide:

- Careers Adviser
- Class Teacher
- Head Teacher
- Year Adviser
- Parents / and/or members of your family.

When choosing your subjects, think about your choice of work.

The more your study is relevant and interesting to you, the more successful your studies will be. In some University or TAFE courses, entry may require that you have done certain subjects at school.

You should also think about the NESA mandatory requirements for satisfactory completion of HSC subjects.

Many subjects include major works or projects (see individual descriptions). Students should take care not to select too many of these. We advise no more than two.

Due to work placement requirements, we do not allow students to choose more than two VET Framework courses.

Are You A Student Who...	...Then You Should
<ul style="list-style-type: none"> • Wants to go to university • Needs university training for their chosen career • Wants to maximise your ATAR • Knows you can do it if you work hard • Wants mainly academic subjects • May want one or two skills subjects 	<ul style="list-style-type: none"> • Select a program of study which makes you eligible for a ATAR • Select subjects recommended for your university course • Do extra curricular activities to support scholarship applications • Apply for university in term 3 of Year 12 • Include advanced/extension English, Mathematics, physical sciences, humanities/ social science subjects
Are You A Student Who...	...Then You Should
<ul style="list-style-type: none"> • Wants to gain post HSC qualifications • Wants to go onto further education or training • Knows you may have the ability to go to University but is not sure you want to • Wants to keep all your options open • Wants to also consider TAFE or private providers 	<ul style="list-style-type: none"> • Select a program of study which makes you eligible for a ATAR • Apply for university, TAFE and private training providers in term 3 of Year 12 • Select subjects which are recommended for your tertiary training • Include advanced English, Maths, a physical science, a humanities/social science subject, a vocational subject, and/or an interest subject
Are You A Student Who...	...Then You Should
<ul style="list-style-type: none"> • Wants to get a good HSC • Wants to get a job with a career path and good money • Wants TAFE or work-based training • Wants a head start on vocational training with a national credential • Wants a mix of interest and vocational subjects • Knows you don't want to go to uni 	<ul style="list-style-type: none"> • Select subjects which are recommended for your career path • Include some Maths, vocational subjects attracting dual credentialing (VET and/or TAFE), some interest subjects • Apply for TAFE and private training providers in Term 3 Year 12 • Apply for traineeships and apprenticeships
Are You A Student Who...	...Then You Should
<ul style="list-style-type: none"> • Doesn't know what type of career you want • Doesn't know what you want to do after the HSC • Knows a good HSC is the key to a better • Wants a mix of subjects you like and are good at • Knows you don't want to go to uni 	<ul style="list-style-type: none"> • Select subjects you like, have an interest in and are good at • Include vocational subjects attracting dual credentialing, some TAFE courses, interest subjects • Keep your options open • Actively participate in transition, career and exit planning

Business, Marketing, Management

Further Study Options	Broad Career Pathways
