

Georges River College Oatley Senior Campus BRING YOUR OWN DEVICE (BYOD)

As part of GRC Oatley's BYOD program, we have launched a two (2) purchasing portal to assist with the sourcing of an appropriate student device. Active links to these portals are located on the school website. To receive the pricing structure as identified in the portal purchases need to be made via the portal. Pick up options are available in store.

IOS Devices

Apple Store Miranda http://www.apple.com/au_eduind-k12-discounted_803204/shop

NO code required

Windows Devices

JB Hi Fi www.jbeducation.com.au/byod/

When prompted for the school code enter BYOD2018 (case sensitive)

These BYOD Portals has been set up, in partnership with Apple Store Miranda and JB Hi Fi, to provide a one stop shop for our school community to purchase a suitable device. All devices listed meet all BYOD criteria and there is the option to purchase accessories and insurance. There is no obligation to use this portal and you are not limited to just the devices listed here. Students are free to purchase their BYOD device from whomever they choose.

The devices on this site have been chosen based on the following criteria:-

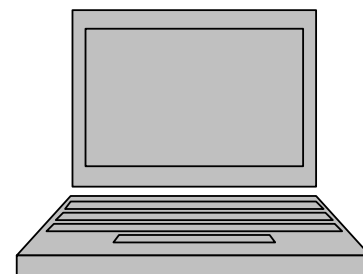

- Built to handle the rigours of a school environment.
- Capable of performing tasks required by teachers to complete educational outcomes of students.
- Compatible with the school's wireless network, software and systems.
- Have an appropriate battery life for use at school.
- Typically carry a Business-grade, 3-year Next Business Day Onsite Warranty (Most retailers only offer a return-to-base warranty).
- Represent excellent value with discounted 'Education' pricing.
- Insurance Option - All devices can include an optional Accidental Damage and Theft Protection plan.

This portal has been set up as a service to our school community to simplify the purchase of BYOD devices. We hope that together, through the introduction of BYOD, we can make GRC Oatley an even better environment for student learning."

Bring Your Own Device (BYOD)

In 2016 Georges River College, Oatley Senior Campus will be trialling BYOD.

BYOD refers to students bringing a computer technology device, owned by a student or the student's family, to the school for the purpose of learning.

The device must be able to connect to the school's wireless internet and have certain programs or applications installed. To ensure that students can get the

best learning opportunities at school and at home, the device they bring to school should have the minimum specifications listed below. If you will be purchasing a device in the near future it is recommend that the device have these specifications to enable students to make a successful connection to the school wireless network.

Device Requirements
