

Georges River College Oatley Senior Campus English Faculty

STANDARD ENGLISH

What is Standard English?

Standard English is designed to cater for the needs of the majority of students, from those moving into vocational training or the workplace, or students looking to go to university who may not be as strong at English as in other areas. Students study a range of texts across film, prose, poetry, non-fiction, and drama. Students will develop their skills in extended writing, responding, textual analysis, and written expression.

What will I study?
